Vol. 8 No. 40 October 13, 1960. Playford, Publisher. Box 120, Drayton Valley

OFFICIAL OPENING OF FRANK MADDOCK SCHOOL

A very fine number of folks turned out for the official opening of the new Frank Maddock Highschool in Drayton Valley on Friday evening, October 7th. Official opening ceremonies started at 8:30 p.m. For about an hour previously the school had been open for inspection and members of high-school classes condensed visitors on a tour of the building.

Following the singing of "O Canada" Mr. McManus, high-school principal, introduced the chairman for the evening, Stony Plain School Division Board chairman, Frank Maddock, in recognition of whose efforts and time in behalf of the Stony Plain School Division board, the fine new high-school was named.

Among those seated on the platform were the Hon. A.C. Plumb; Dr. Horner, M.P., for Jasper - Edmonton; Mr. McManus; Mrs. McManus; Mr. Frank Payce, President of Home and School; Mr. Maudie; Mr. F. Hamochko, superintendent of Stony Plain School Division; Mr. A. Meier, Mayor of Drayton Valley; Mr. Jim Cumlin, President of the Chamber of Commerce; Rev. Albin Wright of Drayton Valley United Church; Mr. Jack Falls, President of the Drayton Valley Athletic Association; the architect of the highschool, Mr.

Bernie Waple; Building Superintendent for Stony Plain High School Division, Mr. Felix Knorr; and members of the Stony Plain School Division Board, Mr. Ed. Miller, of Stony Plain, Mr. Gabe Lewis, of Spruce Grove, Mr. Terrill of Duffield, Mr. Gasson Jowan of Tomahawk, Mr. Alex Boy chus, Division Secretary, and Mr. Jim Lishinsky, chairman of the local school board.

The invocation was given by Rev. Wright, and Mr. Maddock then introduced the School Division Board members. His worship the Mayor then gave a few well chosen remarks followed by Mr. Hamochko, who also spoke briefly.

Presentation of the Scholarships was then made, after which Mr. Cumlin spoke briefly in behalf of the Chamber of Commerce.

Dr. Hugh Horner, Member of Parliament for this federal constituency followed with a few appropriate words of commendation to the students and to the Stony Plain School Division board on their fine accomplishment as evidenced in the new school.

Mr. Falls, speaking for the Athletic Association, thanked the school board and the school principal for the proffered use of the gymnasium of both the highschool and the elementary school for evening use by juvenile and adult groups for recreational purposes.

CHAMBER OF COMMERCE MEETING

At a noon luncheon in the Car-dium Room on Friday, October 7th, Dr. Hugh Horner, M.P., for this federal riding, was guest of honor. Members of the Chamber of Commerce and the Mayor and Councilors of the Town of Drayton Valley were guests.

Main topic of conversation during the meeting was a proposed federal building for Drayton Valley. Dr. Horner pointed out that in view of the rate at which Drayton Valley was growing, had a federal building been erected to meet the needs of the past it would have proved inadequate by now to meet the needs occasioned by the astounding growth of the Town of Drayton Valley.

In addition to a post office space it is expected that the proposed federal building will also have offices for such federal agencies as the Veterans Affairs branch and the Unemployment Insurance branch. The post-office branch has recently signed a lease to continue to rent the present building, so any plans are for the future.

Following the luncheon meeting Dr. Horner was taken on a tour of the field. The group visited

H. REX BURROWS

Herbert Rex Burrows was born on an English farm at Cornwall in the southwest part of England. His father farmed a farm of seventy acres and made a good living from it, which would not be too easy to do in some parts of this country.

He attended elementary school at Cornwall and then at the age of fourteen he went into apprenticeship in the radio and television trade. He served in apprenticeship for four years, until he joined the army in 1944 at the age of eighteen. He entered the army as a radio technician and served in that capacity until he was mustered out in 1946.

Returning to civilian life he finished his apprenticeship course and took courses in radio and television in night school. He worked at his trade

Keep Fit Class

The Ladies "Keep Fit" Classes will open next Wednesday evening October 19th in the Elementary School Gymnasium at 8:00 p.m. The registration fee is \$5.00. The classes will run every Wednesday night throughout the winter months at the aforementioned time and place. All interested persons can obtain additional information from the class instructor Mrs. Brenda O'Callahan Phone 538.

In England until the end of 1960 and emigrated to Canada in January 1961. Arriving in Canada he came first to Edmonton. From there he went to various parts of northern Alberta for a year, as an observer on a seismograph crew.

He then settled in Westlock for a time, where he worked as a radio technician. He came to Drayton Valley to set up shop in July 1956. During the middle of September, this year, Rex observed that he had just completed twenty years in his trade.

He married Miss Dorothy Sim in Edmonton in 1956. Dorothy had been working in the Imperial Oil office. They have purchased a home in Drayton Valley.

Rex is a member of the Drayton Valley branch of the Canadian Legion, and a member of the Masonic Lodge.

YOUR FIRE DEPARTMENT

With all the publicity fire prevention is getting this week it would be like shopping paint on a rose for me to preach about it; however, there are two little points which I feel should be brought up.

The first is that we sincerely hope some of the propaganda you hear and see this week rubs off and you seriously take heed to this business of preventing fire in your home. All the advertising media in the world can't stop a fire if you don't

TAG DAY

The Canadian National Institute for the Blind is currently appealing for funds with which to carry on its programme in Alberta. In Drayton Valley campaign is conducted by Drayton Valley Rotary Club.

The Canadian National Institute for the Blind offers a multi-service programme to assist blind persons in overcoming all of the problems which confront them as a result of their loss of sight. This programme includes counselling, home teaching and adjustment training, employment, recreation, library and residence, as well as many co-operation services. C.N.I.B. also carries on an active prevention of blindness service through assisting in the provision of necessary eye treatment and through a programme of public education.

We wish to bring the C.N.I.B. current appeal for funds to public education and to recommend that you support it generously.

Home to home canvass with the assistance of the Local Boy Scout Wednesday evening, October 26.

Tag day will be Saturday, October 29th with assistance of the Local Girl Guides.

During the war he was an air-force pilot for five years. He is not married.

Bene and Ellen Belva proudly brought home to Rocky Rapids, was Laurel, their new adopted daughter. Laurel was born on 5 September 20th. She will be a sister to the Belva's son, Bradley.....

Jack Tyler's grandmother, Mrs. Apperson, from Kinross, has been visiting with the Tylen.

Top right is Al-Jinks on Fresh Day at the High School, with lovely fresh being paced up the street by lordly upperclassmen.

In the lower right we see little Belva having a big time at their party in Elks Hall.

And then she made an up-side down look like before she was up.

Lions Club Meeting

With these visitors present and a good turnout of members, the Lions Club held their dinner meeting in the Cantium Room recently.

Highlight of the evening was the solemn induction of new Lion members. These were inducted, Lion Bruce Lee, Lion John Andrechuk and Lion Gordon Polowick.

The new members were inducted by Lion President Ron Carter and vice-president Lorne Stevenson and Pete Nebo.

President Carter announced that the plans had been made to set up four trash cans at strategic spots around town. The trash cans will be factory made, and mounted on hinges. They will be very attractive and will help us to keep a litter free town.

Colleges and have eaten since graduation time.

POLICE COURT

In Police Court Tuesday, one man was fined \$100, for supplying liquor to an Indian, and for bootlegging.

One man got nine months penitentiary sentence for breaking and entering on one count and on another count of breaking and entering the same man received an additional nine months sentence, the two sentences to be served concurrently.

Under the Liquor Act in September there were 22 convictions and under the Criminal Code nine cases received sentences. The convictions under the Criminal Code included cases of impaired driving and of having N.S.F. charges.

Four juveniles were brought into court for theft.

Police are investigating a break-in on September 30th in the workshop of Eldino-Well Servicing, in which a number of tools and other small equipment was taken. Value of the stolen articles ran between \$285 and \$300.

Of Special Interest to Teenagers

Perennially Popular
"Seventeen"

Undoubtedly one of the most widely-screened youth films ever produced, *Seventeen* tells the story of what happened in a typical American high school when a Christian student determined to make Christ known. Pulsating with action, and presenting the Gospel in language teenagers understand, this fine film has been used of the Lord to reach vast multitudes with the Gospel throughout North America and across the world.

The story of Doug, Jennifer, Bingo, Linda and Skidro — representing a cross-section of modern high school life. There is rebellion... and tragedy... but ultimately the glowing triumph that always crowns obedience to Jesus Christ.

Drayton Valley, Alta.

Looking at Recreation

Michael Gormley
Recreational Director

FOR THE BOYS: Last week, in my column, I mentioned the fact that the Community of Drayton Valley was blessed with an adult population that was extremely interested in youth and youth activity. My written words were still hot on the press when another chapter of this juvenile benevolence was being enacted before my eyes. The sponsors of the Peewee Football teams were organizing an outing whereby some fifty local young men would attend a W.I. F.U. game at Clarke Stadium between the Edmonton Eskimos and the Calgary Stampeders.

The project trumped with incredible clockwork. The three sponsors, Foster Transport Eskimo Fracturing and Well Servicing, and the Drayton Valley "Club" had a dozen or more private vehicles lined up at the Rotary Community Park and by 5:30 p.m., October 10, the boys were on their way to the city.

The team coaches and several other volunteer supervisors accompanied the youngsters.

The excitement was quite high since for many, this was their first glimpse of the big time football. One and all seemed to enjoy the spectacle tremendously and most of the boys left their vocal support to the favour of the point of statistics. The supervisors had very little to do with the exception of answering a flow of questions, some of which, I am sure could have only been properly answered by Eagle Keys, Steve Owen or Paul Dalziel. The youngsters who play on the local Foster Stampeders team were not long noticing that at Calgary team carried themselves in their helmets and promptly requested that they have "hosehoses" painted on each side of their helmets also. A group request cannot very well be turned down.

...so folks if you attend the Peewee game at Wood's Field next Saturday you will find the hosehoses. A mere detail, but little things mean a lot to the boys.

The game itself was a real dandy, possibly a bit disappointing to staunch Eskimo supporters but very pleasing to the spectators. The weather was almost ideal after the season's first snow storm had blanketed the city earlier in the day. Some found it a little chilly, they will pay more heat to their clients and take along that extra coat or sweater next time out.

When all was said and done, the boys had an electrifying evening to say the least—one that they will long remember. When a community has such companies, clubs and individuals so keenly interested in the growth and development of our youth, that community is bound to produce a healthy generation in spirit, mind and body. This is part of the factory where good boys are made.

creation in spirit, mind and body. This is part of the factory where good boys are made.

HOW ABOUT SQUARE DANCING? Next Saturday evening, October 15th will feature another evening of square dancing at the B.P.O.E. Community Hall. This, however, is more than just another dance. On this date, the local square dance teacher, Carl Ganske, will open his six week "Learn to square dance" course. The course consists of six easy lessons on six consecutive Saturday nights. It is generally thought that this course is absolutely necessary for beginners in this form of recreation if a maximum of enjoyment is to be derived therefrom.

The cost of the entire course is \$6.00 per person. Those who have not already enrolled may do so on Saturday evening. This date however, is the deadline for anyone desiring to enroll in this course. The reason for this being is that the course is so extensive and Mr. Ganske feels that he cannot afford to back-track and repeat instructions for late comers week after week. Therefore, for those desiring to enroll in this course, it must be Saturday night, October 15, or not at all. It is also a requisite that the \$6.00 membership fee be paid before the course begins and definitely not later than after the first lesson Saturday evening.

If you feel as though you would like to join in the fun of the Square Dance Club this fall and winter here is your chance to get off on the right foot, if you would like to know more about the Square Dance Club or the preparatory course, just call Carl Ganske at Phone 560. He will be glad to give you any information you desire.

LADIES "KEEP FIT" The Ladies Keep Fit Class is well on the way now. A meeting of interested persons was held during the past week and it is planned to open classes as soon as possible. The club is very fortunate to have a qualified leader in the person of Mrs. Brenda O'Callahan, former gymnastics instructor at the Y.W.C.A. in Calgary, who has agreed to donate her time and talents to the cause. It is hoped that the classes will be held in the Elementary School Gymnasium, on a weekly basis. It has been fully decided yet on what evening of the week the activities will be carried out as it is the desire to pick an evening favorable to all concerned if such be possible. So ladies if you are interested I would advise you to get in touch with Mrs. O'Callahan at your earliest convenience. The phone number is 525.

BADMINTON -- NEXT: On Friday evening, October 14th, a meeting will be held for all persons interested in the badminton sport. The get-together will take place in the Athletic Recreation Room in the Town Hall and its main purpose will be to attempt to form a badminton club in this community. I understand that many local people are interested in the big-two-wheel game and there should be no major problems in the formation of a fine club here.

The "Frank Maddock" High School Gymnasium has been available for the sport and it would be hard to find a more favorable facility than this. Badminton has been an internationally popular sport over the years and personally I would love to see played here in Drayton Valley on an organized scale.

If you are a badminton enthusiast, try to attend Friday night's meeting. The future of the game in this community will depend to a great extent on the success of this meeting.

FOOTBALL NEWS: The second football weekend in Drayton Valley has come and gone leaving in its wake some pleasant memories and also a few disappointments. The game again a good crowd turned out to witness the two games Saturday afternoon despite the very unfavorable weather. The Lions, a team that appeared to be the weak link of the Peewee League, turned in a tremendous performance as they outplayed and out rushed the best balanced football team in town, Brine Swaschuk's smooth running little Eskimo machine. The final score favored the Greens and Gold 12-6 but the fans were aware that they had been in a battle. It was not all cream and pie by any means. A great amount of credit is due to the Lions coaches Jerry Hatley and Ralph Russell who developed such a thrust from the league's car-offs and a number of late comers. Granted that a few of these cars and late comers developed into superb stars in this league, however, giving everyone due consideration a truly remarkable job has been done by the coaches of the Lions Peewee football club.

Now to turn to prospects which are not quite so bright; the Barham League is in dire danger of folding because of lack of interest among the players. It took 35 minutes after game time last Saturday to round up enough players to field two teams, yet every boy on each team knew that he was playing ball at 3:30 p.m. If this attitude continued...

DON'T FORGET JACKPOT BINGO
Every week, night at the 5th Community Hall at 8:00 p.m.
Sponsored by the B.P.O.E.

I would suggest that we disband the Barham League completely and concentrate solely on the Peewee League, where enthusiasm and interest are at a boiling point. Mind you, don't get me wrong, we have some very fine enthusiastic and interested Barham ball players, but right now, just about everyone to form one good team. I would like to see this team play out-of-town opposition, however, this seems to be hard to find right now, if such opposition can be acquired I personally think it will answer our problem. On the other hand if the present intro-tro-tro setup is going to survive two requirements must be met. (1) More enthusiasm and interest must be shown. (2) The two teams must be better balanced than they are at present.

I desperately want to see Barham football firmly established here however, presently so much depends on the boys. It is the old story, you can carry a horse water, but you cannot make him drink. Neither can you make a boy play football if he does not so desire.

SPORTSMAN'S BANQUET PLANNED: A Sportsman's Banquet is in the planning stage and is expected to be staged sometime in November. This is an Athletic Association project and a committee of four members has been set up for the planning and organization of the banquet. More about that later.

"HE THE VOICE"

By Pastor J.C. Wiuff
Pastor of The Church of God.

Wherever men need Him and heed Him, Jesus is. In the Holy Land where He walked, this was quite often on or by the sea; and, as we know, it was where He called His first Disciples.

It is not too difficult, if we consider our souls and bodies as vessels on the sea of life, to put ourselves in the place of Simon Peter, as the poet presents him here:

I owned a little boat a while ago
And sailed the morning sea without a fear
And whether any breeze might
Fairly blow

I steered my little craft afar or near.
Mine was the boat and mine the air,
And mine the sea, nor mine a care.

Do you know anybody who thinks he is "doing fine" without the help of Christ?

One day there came along that silent shore,
While I my net was casting in the sea,
A man who spoke as never man before.

I followed Him; new life began to me
Mine was the boat, but His the voice,
And His the call, yet mine the choice.

Do you have the happy memory of your vessel's course being changed in answer to His call?

Ah! was a fearful night out on the lake,
And all my skill availed not, at the helm,
Till Him asleep I waked, crying "Take Thou the helm lest water overwhelm!"
And His the boat and His the sea
And His the peace O'er all and me.

That first panic-provoking crisis came after you accepted Him: wasn't it glad you had Him aboard?

Once from the boat He taught the curious throng
Then back we came my net into the sea;

Lloyds' Jewelry
BABY OF THE WEEK

Week of October 4th till 11th.

Mrs. Marie Erick - Oct. 5th girl - 8 lbs. 2 oz.

Mrs. Marie Erick may drop into Lloyds' and pick up her baby spoon.

I murmured but obeyed, nor was I long
Before the catch amazed and humbled me,
His was the boat, and His the skill,
And His the catch, and His my will.

May God speed the day when throughout the world "mine" becomes "His" as thoroughly as in the verses above. Let us help by making sure that the transformation has begun in our own hearts. The catch will truly answer and humble us.

"I beseech you therefore brethren by the mercies of God, that ye present your bodies a living sacrifice, holy, acceptable unto God, which is your reasonable service. And be not conformed to this world, but be ye transformed by the renewing of your mind, that ye may prove that it is that good, and acceptable and perfect, will of God. Romans 12:1-2

Poem by George Macdonald.

Jehovah's WITNESSES NEWS

25 Jehovah's Witnesses from the Drayton Valley Congregation will journey to Edmonton this week end to attend a three day Circuit Assembly. The Convention will be held in the Sales Pavilion Annex, October 14th, 15th and 16th.

Mr. Ralph Wikander, presiding Minister of the local congregation announced that all sessions are free and open to the public. The principal speaker will be Mr. Clarence E. Statton of Toronto. The main address "Finding Peace in a Troubled World" will be given by Mr. Statton Sunday afternoon at three o'clock October 16th. Mr. Statton, a newly appointed district supervisor for Jehovah's Witnesses arrived in Edmonton last week to oversee plans for the Assembly.

Mr. Statton who was ordained as a Minister of Jehovah's Witnesses in 1947, travelled extensively

ly in Ontario, Saskatchewan, and British Columbia before coming to Alberta. Educated in Toronto Mr. Statton took an advanced course at the Western Commercial and Technical School. Following his travels to Britain, Australia, New Zealand and the West Indies as Communication Officer for the Merchant Marine, Mr. Statton is now evangelizing the Ministerial activities of Jehovah's Witnesses in Alberta, Northern Saskatchewan, the Yukon and Alaska.

The picture is being shown without admission charge throughout the country in churches and auditoriums, but will not be shown in theatres. Everyone is invited to attend.

WELCOME LITTLE STRANGERS

Week of October 4th till 11th.

Oct. 5th - Mrs. Marie Erick girl - 8 lbs. 2 oz.

Oct. 8th - Mrs. Blanche Lockhart girl - 9 lbs 11 oz

CHURCH NEWS

EVANGELISTIC FILM TO BE SHOWN -- in Drayton Valley.

The world's first Bible Deliverance film, "VENTURE INTO FAITH", which is built around the evangelistic ministry of Rev. Carl Roberts, will be shown in Drayton Valley Legion Hall, Thursday, October 20th.

The film features Carl Roberts and tells an absorbing story of the power of faith in God. Centering around the nation-wide Roberts' campaign, this sound religious picture includes stirring scenes from Carl Roberts' meetings under the huge "tent cathedrals".

The story is built around Jim and Ruth Collins who are faced with the daily certainty of the nearing death of their young son Dave, who is bedfast with tuberculosis. Jim is embittered, worried, rejects religion in any form. Ruth has faith, but can't get her husband to face his power. A close friend tells them of the work of Carl Roberts and his great faith in the power of God, what have you to lose, a solution after they have attended two of the Roberts' meetings furnishes the action for this gripping story, which will be understood by everyone who has ever been faced with tragedy and found

help and salvation through faith in God.

"Venture Into Faith" is a pioneer attempt to strengthen the witness faith in God. The sincerity and genuine faith in God exemplified throughout the film make it one of the greatest religious pictures ever produced.

The picture is being shown without admission charge throughout the country in churches and auditoriums, but will not be shown in theatres. Everyone is invited to attend.

Rev. Carl Roberts, as he appears in his meeting. A man is also known by the company he avoids.

The wages of sin never go unpaid. A man is also known by the company he avoids.

Missionary Pilots Own Plane

Miss Vera E. Stodd, with an outstanding and unique ministry, will be in Drayton Valley for a few days starting on Thursday, October 20th till Sunday, October 23rd. She will be showing pictures of the life and ministry of Evangelist Carl Roberts. The pictures will be shown under the auspices of the Pentecostal Church of Drayton Valley, a new church group who are holding meetings in the Legion Hall.

Miss Stodd pilots her own plane which she flies all over the country in her work. She will fly her plane in Drayton Valley for the meetings. The wages of sin never go unpaid. A man is also known by the company he avoids.

HERE! THE GREATEST SHOW ON WORTH! SIXTY-ONE DERFUL CHEVROLET

Here's the car that reads you loud and clear - the new-size, you-size '61 Chevrolet. A car so right for you in so many ways that once you compare it with the rest of the crop you'll agree nothing else near the money measures up to it.

We started out by trimming the outside size a bit to give you extra inches of clearance for parking and manoeuvring but inside we left you a full measure of Chevy comfort. Door openings are as much as 6 inches wider to give feet, knees and elbows the undisputed right of way. And the new easy-chair seats are as much as 14 1/2" higher - just right for seeing, just right for sitting.

Once you've settled inside you'll have high and wide praises for Chevrolet's spacious new dimensions (in the Sport Coupes, for example, headroom has been upped as much as 2 inches, and there's more legroom, too - front and rear). Chevy's new trunk is something else that will please you hugely - what with its deep-well shape and bumper-level loading it holds things you've never been able to get in a trunk before. Yet, generously endowed as this car is with spaciousness and clean-etched elegance, it holds steadily to all the thrifty, dependable virtues Chevrolet buyers have come to take for granted. Your dealer's the man to see for all the details that make this sensationally sensible '61 Chevy a new measure of your money's worth.

IMPALA 4-DOOR SPORT SEDAN

NOMAD 9-PASSENGER STATION WAGON

NEW '61 CHEVY CORVAIR

More space... more spunk and wagons, too!

CORVAIR 700 4-DOOR SEDAN

THE CORVAIR 700 LAKEWOOD 4-DOOR STATION WAGON

Each a General Motors Value
Whitewall tires optional at extra cost

More room - more for you, more for your things. More dependable operation. Smarter, smoother styling. More miles per gallon. Station Wagons, too.

Corvair for '61: a complete line of complete thrifty-cars from Chevrolet. To start with, every Corvair Sedan and Coupe costs less. And Corvair goes on from there to save you even more. With extra miles per gallon... quicker-than-ever cold-start warmups so you start saving sooner... a new extra-cost optional heater that warms everybody evenly. Riding along with this extra economy: more room inside for you, more room up front for your luggage (sedans and coupes have almost 125% more useable trunk space).

And our new wagons? You'll love them. They're the greatest thing for families since houses. The Lakewood Station Wagons do a man-sized job with cargo, up to 64 cubic feet of it. The Green-brier Sports Wagons you're going to have to see - they give you up to 175.5 cubic feet of space for you and your things. Compare that with any other Canadian wagon going!

Corvair's whole thrifty line-up gets its pop from a spunkier 145-cu.-in. air-cooled rear engine. Same rear-engine traction, same smooth 4-wheel independent-suspension ride. See the polished and refined 1961 Corvair first chance you get at your Chevrolet dealer's.

KNOW YOUR Canada

Prepared by the Research Staff of
ENCYCLOPEDIA CANADIANA
IS LA PRATIE IN THE WEST?

No, La Prairie is a town on the
south shore of the St. Lawrence
River opposite Montreal. It is
the seat of Lepeigne County,
the county being spelled as one word
and the town's name being split
into two words. La Prairie was
founded in 1667 and in 1836 it
became the northern terminus of
Canada's first railway, the Cham-
plain and St. Lawrence Railroad,
which spanned the 16 miles be-
tween La Prairie and St. Johns.
The town's situation on the St.
Lawrence has made it a popular
summer resort as well as an in-
dustrial centre.

JASPER - EDSON

Progressive-Conservative Association

The executive of the Jasper-
Edson Progressive Conservative
Association after meeting in
Edson recently announced that
the annual meeting of the asso-
ciation will be held this year in
Barhead on Saturday, October
29th. There will be an after-
noon business meeting and a
public meeting at night. Both
meetings will be held in the
Legion Hall at Barhead. Dr.
Hugh Horner, the Member of
Parliament for Jasper-Edson will
be in attendance as well as other
guest speakers.

A new executive will be elected
and various resolutions consid-
ered for presentation to the Na-
tional Association.

CROWN LUMBER
Co. CL - L.M.

NOW FOR '61... 2 TOTALLY DIFFERENT TYPES OF CHEVY TRUCKS!

CORVAIR — Side doors open a full 49" wide. Loading height is a low 14".

RAMP SIDE — Roll out the heavy loads — nothing to it in this one!

A GENERAL MOTORS VALUE

1. REAR-ENGINE CORVAIR 95's — THE TRUCKS THAT BEGAN WITH 4 WHEELS AND A FRESH IDEA!

Here are trucks that are a full 2 feet shorter than conventional half-tonners — yet hold more payload! (Corvair, for example, has 191 cu. ft. of cargo space!) Trucks with one-piece body-frame design, independent 4-wheel suspension and rear constant weight distribution. You get light-touch maneuverability plus the economy of a gas-saving air-cooled rear engine. Your Chevrolet dealer has them.

Whitewall tires optional at extra cost

2. TORSION-SPRING CHEVROLETS — WORTH MORE BECAUSE THEY WORK MORE!

Chevy's '61 fleet brings you the latest editions of the trucks that proved the overabundance of independent front suspension. They're here with the most advanced comfort features ever found inside a truck cab. And when you add the all-new rear-engine Corvairs, you'll find a Chevrolet truck custom made for you and your job. You find new rugged qualities in every size Chevy — pickups, tilt cabs, tandem — all of them. See your Chevrolet dealer today. Try the totally new rear-engine Corvair trucks, and the work-whipping, work-proven Chevrolet trucks for '61!

YOUR FIRE DEPARTMENT Cont' from Page 1, Col 8 so as they suggest.

And the second point is a real pleasure to bring up. So far on this project of home inspection which your fire department has taken up, we are pleased to find that at every home we have called on, the response has been very good. Thanks, people for making a tough job as pleasant as possible, now if you'll only carry out my suggestions made by the men in inspecting your home, we should be able to cut fires to an absolute minimum and we can all get some peace of mind. Thanks again.

D.V. Highlights

By: Edith Deby

Mrs. Albert Stordalvrol celebrated her seventieth birthday with a tea party at her home on October 8th. Fellow members of the Pembina Ladies Group were the guests.

Among the lovely gifts received by Mrs. Stordalvrol was a copper tea set from members of her family.

Many happy returns of the day Mrs. Stordalvrol.

An account of the official opening of the Frank Maddock

High School has been dealt with at length by your editor but I should like to speak of two items of the evenings program which were of special interest to me.

First was the awarding of scholarships. Some of the winners have been well known to me since their early school days and it was a real thrill to see them so honored.

Secondly was the presentation of a bouquet of red roses to Mrs. Frank Maddock. Mrs. Maddock is the person who keeps things running smoothly at home in order that her husband may be free to attend to his many public duties.

It was a pleasure to see Mrs. Maddock receive the appreciation which is due her.

Mrs. Camella Wood M.L.A. is in Eastern Canada and is not expected home until November 1st.

The W.I. will meet in the library at the town hall on Monday evening at 8:00 p.m. Visiting and ladies interested in joining are invited to attend.

A VISIT TO THE SITE OF BOGGY HALL by Georgia Wellschlaeger The North Saskatchewan River

played an important part in the history of western Canada. It was the route over which messages were carried across the prairies and over the mountains to the Pacific Coast. It also served as an important highway for the fur trade. A number of trading posts were established along the North Saskatchewan, but few remain to remind us of those exciting and adventurous times.

(2) Boggy Hall was located on the Blue Rapids Flat, some miles up the Saskatchewan River from the Violet Grove district. Although it is hardly mentioned in the history of western Canada, still it played a part in the fur trade. This Northwest Company post was visited by David Thompson in 1810. He has intended to use the Saskatchewan River route and Howe Pass on his trip across the Rockies to the Columbia River.

(3) The Piegans had obtained guns from the fur traders. This gave them a great advantage over the Kootenays, who had been driven westward across the mountains and were prevented from trading with the white men.

When the Piegans learned of Thompson's plan to cross the mountains into the Kootenay territory, they were very angry for they knew the Kootenays, also, would obtain guns. This they were determined to prevent. Thompson was forced to alter his plans and cut his way through dense bush and making to the Athabasca River which has followed to the present site of Jasper. Then he made his way to the Canoe River and followed it to the Columbia, reaching the mouth of that great river in July 1811.

(4) The Piegans' anger, once roused, was not to be placated. They blamed the white traders for many of their difficulties. In retaliation, they planned to attack Boggy Hall and kill all the white men there. The traders were warned of their danger, and taking all the furs and trade goods they could carry, hurriedly fled across the divide to the Pembina River valley. The Indians found a deserted post. They took every thing of value and burned the trading post and surrounding buildings. The post was never rebuilt.

(5) For years some ovens, built of stone and earth remained to mark the site. These ovens were finally destroyed by a man who leased the Blue Rapids Flat. Recently several neighbors from the Violet Grove district decided to search for remains of some of the old stone ovens.

Continued on page 16, col. 1.

1961 CORVETTE

Chevrolet's Corvette for 1961 still maintains a strong family resemblance, even with the new lattice-type grille in the front and an ultra-continent treatment to the rear half of the car. Rear fenders are more pronounced while the fiber glass body surfaces have a new sculptured effect above the modified bumpers. Reduction in transmission tunnel width, improved body insulation and radiator cooling are among the mechanical advances.

OSHAWA, Ont. — Many new improvements are introduced in the 1961 Corvette, North America's only production sports car, announced today by General Motors of Canada, Limited.

Among the improvements:

A new underbody, making possible a 19 per cent reduction in transmission tunnel width.

New body-to-roof sealing for both hard top and convertibles. An aluminum case for four-speed transmission. Weight to the unit is reduced by 15 pounds.

A domed, heavy-duty piston and new cast-iron head for fuel injection engines, producing a compression ratio of 11 to 1.

Increased cooling capacity of the light-weight aluminum cross flow radiators.

Four upholstery colors—blue, black, red and fawn—are available with seven exterior finishes.

ALBERTA HAS MORE THAN half of Canada's 90,000 square miles of national parks.

1961 CHEVROLET IMPALA

Designers have applied smooth, graceful lines to the 1961 Chevrolet Impala, Bel Air and Biscayne passenger car lines. Roadlines, as noted here in the Impala sports sedan, are sleekly contoured and are separately styled for each series model. Overall body design features gently sloping lines. Rear trunk deck lid now opens even with top of the bumper, affording easier loading and unloading. Fuel tank has been repositioned for greater safety. The Impala sports sedan is one of 30 body styles in the conventional Chevrolet line.

OSHAWA, Ont. — A shorter, narrower, totally new 1961 Chevrolet was announced today by General Motors of Canada, Limited.

Chevrolet passenger cars are 1.5 inches shorter and 2.4 inches narrower. Overall length is 209.3 inches and overall width is 76.4 inches.

Completely changed styling, which provides easier loading for both passengers and luggage, is featured in the regular lines of passenger cars.

The entire body, from floor to roof and grille to rear bumper, is new. Prime design emphasis has been placed on functionalism with shift.

Among the highlights of the new body are:

1. Easier entrance to passenger compartments.
2. Large, more accessible luggage space, with the trunk loading level lowered as much as 10 to 15 inches.
3. Improved seat height and over-the-hood visibility, increasing the ease of parking.
4. Safety items include improved beams, overlap electric

windshield wipers, and a new placement for the fuel tank which protects it from road hazards such as hard bumps and flying stones.

Although the conventional cars are shorter, narrower and slightly lower, the interior remains the same, or better, than comparable 1960 models. Riding comfort is improved.

Revised styling of the Corvette reflects the influence of Chevrolet's recently displayed XP-700 experimental vehicle, especially in its streamlined rear quarters. A new underbody, which tilts the transmission hump, better engine cooling and use of an aluminum transmission case are some of the other features.

As in 1960, Chevrolet's conventional-size passenger car will be offered in the Impala, Bel Air and Biscayne series. But, they have been expanded to include an Impala two-door Sedan, not previously available.

The station wagon series also has been expanded to a choice of either six or nine passenger accommodations in each — the Nomad, Parkwood and Brookwood.

The small, triangular windows at the rear of four-door sedans and station wagons have been eliminated. Also, the rear corner pillars of sport sedans have been widened to create a slightly hooded effect.

Trimlines are solid insects like ants but the two are no more closely related than are monkeys and horses.

OFFICIAL OPENING OF FRANK MADDOCK HIGH SCHOOL.
(Cont. from Page 1, Col. 2)
During the course of the evening, Mrs. Maddock was honored by the presentation of a bouquet of flowers. The presentation was made by Mrs. McManus.

The closing address of dedication for the new building was given by the Hon. A.O. Allsbrook, Minister of Education. Mr. Allsbrook said, in part, "...education is the process by which the individual learns to see what he looks at, and to hear what he listens to..." Mr. Allsbrook stated that education helps one to have a better understanding of all phases of knowledge and learning.

He stated that in the past three years the Province of Alberta has spent 111 million dollars in new school construction.

Two of last year's graduates are now attending University of Alberta, they are Miss Anne Renaldi and Miss Audrey Landers.

Following is the list of Presentations:

PRESENTATION OF SCHOLARSHIPS
at the official opening of The Frank Maddock High School
Friday, October 7th, 1960

Background Notes: Several organizations showed their interest in education by offering scholarships to encourage students to complete their High School Education and to further their education at the University Level. The Home and School Association has worked to encourage other organizations and businessmen in the town to take an interest in this project and has appointed scholarship committee to advise donors on the awarding of scholarships.

The word scholarship has been used rather than award as it is intended that the money will be used to further the education of the student. The money is placed on the student to spend the money judiciously on books or other educational materials which will help him to succeed.

The following scholarships have been awarded judged on the attainment of students in the final examinations held in June 1960.

The Hudson's Bay Company Scholarships.

(a) \$25, awarded to Darlene Oscar for attaining the highest standing of all the girls in Grade Six.
(b) \$25, awarded to Jerry Lewis for attaining the highest standing of all the boys in Grade Six.

The Stony Plain School Division Teachers' Association Scholarship:

Awarded to students in the Stony Plain School Division for attaining a high standing in the Grade Nine Department of Education Examinations:
(a) \$10, awarded to Cheryl Pollock
(b) \$10 awarded to Elaine Lamon.

The Drayton Valley Home and School Association Scholarship.

Awarded to the student from Drayton Valley with the highest standing in the Grade Nine Department of Education Examinations:
(a) \$15, awarded to Elaine Lamon.

The Order of the Royal Purple Scholarship.

Awarded to the student with the highest standing in Mathematics in the Grade Nine Department of Education Examinations:

(a) \$25, awarded to Jimmy McManus.

The Catholic Women's League Scholarship.

Awarded to the student with the highest standing in Literature and Languages in Grade Nine Department of Education Examinations:
(a) \$25, awarded to Cheryl Pollock

The Adrian Meier Scholarship.

Awarded to the student with the highest standing in Grade Ten.

(a) \$25, awarded to Jane Schoen.

The Drayton Valley Home and School Association Scholarship.

Awarded to the student with the highest standing in the Grade Twelve Department of Education Examinations.

(a) \$50 awarded to Anne Renaldi

The Order of the Royal Purple Scholarship.

Awarded to the student with the highest standing in English in the Grade Twelve Department of Education Examinations.

(a) \$25, awarded to Anne Renaldi

The Drayton Valley Hot Oil Services Ltd. Scholarship.

Awarded to students entering University:

(a) \$50 awarded to Anne Renaldi
(b) \$50 awarded to Audrey Landers.

The Stevenson Hardware Scholarship.

Awarded to students entering the Faculty of Education to

train for the Teaching Profession.

(a) \$37.50 awarded to Anne Renaldi
(b) \$37.50 awarded to Audrey Landers.

The Armstrong Pickup Pharmacy Scholarship. This will be offered in 1961 to assist students entering the profession of Pharmacy in the University of Alberta. The amount of the scholarship is still under discussion. Possibly payment will be made of the first year's tuition fees.

Canadian Stand Scholarship \$400, continuous scholarship offered to every student averaging over 70% in Mathematics and Science who is entering the Faculty of Engineering.

Drayton Valley Teachers' Scholarship

Awarded by the teachers of the Drayton Valley Schools to the students attaining the highest standing in Grade Eleven.
(a) \$40 awarded to Joseph Kruschak

Hon. A.O. Allsbrook, Minister of Education addressing the official opening of the Frank Maddock High School.

1961 CORVETTE

Chevrolet's Corvette for 1961 still maintains a strong family resemblance, even with the new lattice-type grille in the front and an ultra-continental treatment to the rear half of the car. Rear fenders are more pronounced while the floor-plate body surfaces have a new sculptured effect above the modified bumpers. Reduction in transmission tunnel width, improved body laminations and radiator cooling are among the mechanical advances.

OSHAWA, Ont. — Many new improvements are introduced in the 1961 Corvette, North America's only production sports car, announced today by General Motors of Canada, Limited.

Among the improvements:

A new underbody, making possible a 19 per cent reduction in transmission tunnel width.

New body-to-roof sealing for both hard tops and convertibles.

An aluminum case for four-speed transmission. Weight to the unit is reduced by 15 pounds.

A domed, heavy-duty piston and new cast-iron head for fuel injection engines, producing a compression ratio of 11 to 1.

Increased cooling capacity of the light-weight aluminum cross flow radiators.

Four upholstery colors—blue, black, red and fawn—are available with seven exterior finishes.

ALBERTA HAS MORE than half of Canada's 30,000 square miles of national parks.

windshield wipers, and a new placement for the fuel tank which protects it from road hazards such as hard lumps and flying stones.

Although the conventional car is shorter, narrower and slightly lower, the interior remains about the same, or better, than comparable 1960 models. Riding comfort is improved.

Revised styling of the Corvette reflects the influence of Chevrolet's recently displayed XP-700 experimental vehicle, especially in its stream.

The small, triangular windows at the rear of four-door sedans and station wagons have been eliminated. Also, the rear corner pillars of sport sedans have been widened to create a slightly hooded effect.

Terminals are social insects like ants but the two are no more closely related than are monkeys and horses.

As in 1960, Chevrolet's conventional-size passenger car will be offered in the Impala, Bel Air and Biscayne series. But, they have been expanded to include an Impala two-door sedan, not previously available.

The station wagon series also has been expanded to a choice of either six or nine passenger accommodations in each — the Nomad, Parkwood and Brookwood.

The small, triangular windows at the rear of four-door sedans and station wagons have been eliminated. Also, the rear corner pillars of sport sedans have been widened to create a slightly hooded effect.

Terminals are social insects like ants but the two are no more closely related than are monkeys and horses.

OFFICIAL OPENING OF FRANK MADDOCK HIGH SCHOOL

(Cont. from Page 1, Col. 2)
During the course of the evening Mr. Maddock was honored by the presentation of a bouquet of flowers. The presentation was made by Mrs. McManis.

The closing address of dedication for the new building was given by the Hon. A.G. Ashboog, Minister of Education. Mr. Ashboog said, in part, "... education is the process by which the individual learns to see what he looks at, and to bear what he listens to..."

Mr. Ashboog stated that education helps one to have a better understanding of all phases of knowledge and learning.

He stated that in the past the three years of the Province of Alberta has spent \$11 million dollars in new school construction.

Two of last year's graduates are now attending University of Alberta, they are Miss Anne Renaldi and Miss Audrey Landon.

Following is the list of Presentations:

PRESENTATION OF SCHOLARSHIPS at the official opening of The Frank Maddock High School.

Friday, October 7th, 1960

Background Notes: Several organizations showed their interest in education by offering scholarships to encourage students to complete their High School Education and to further their education at the University Level. The Home and School Association has worked to encourage other organizations and businessmen in the town to take an interest in this project and has appointed scholarship committee to advise donors on the awarding of scholarships.

The word scholarship has been used rather than award as it is intended that the money will be used to further the education of the student. The award is placed on the student to spend the money judiciously on books or other educational materials which will help him to succeed.

The following scholarships have been awarded judged on the examination of students in the final examinations held in June 1960.

The Hudson's Bay Company Scholarships.

(a) \$25. awarded to Darlene Oscar for attaining the highest standing of all the girls in Grade Six.

(b) \$25. awarded to Jerry Leck for attaining the highest standing of all the boys in Grade Six.

The Stony Plain School Division Teachers' Association Scholarships.

Awarded to students in the Stony Plain School Division for attaining a high standing in the Grade Nine Department of Education Examinations:

(a) \$10. awarded to Cheryl Pollock
(b) \$10 awarded to Elaine Lamon.

The Drayton Valley Home and School Association Scholarship.

Awarded to the student from Drayton Valley with the highest standing in the Grade Nine Department of Education Examinations:

(a) \$25. awarded to Elaine Lamon.

The Order of the Royal Purple Scholarship.

Awarded to the student with the highest standing in Mathematics in the Grade Nine Department of Education Examinations:

(a) \$25. awarded to Jimmy McManis.

The Catholic Women's League Scholarship.

Awarded to the student with the highest standing in Literature and Language in Grade Ninth Department of Education Examinations.

(a) \$25. awarded to Cheryl Pollock.

The Adrian Meier Scholarship.

Awarded to the student with the highest standing in Grade Ten.

(a) \$25. awarded to Jane Schoen.

The Drayton Valley Home and School Association Scholarship.

Awarded to the student with the highest standing in the Grade Twelve Department of Education Examinations.

(a) \$50 awarded to Anne Renaldi.

The Order of the Royal Purple Scholarship.

Awarded to the student with the highest standing in English in the Grade Twelve Department of Education Examinations.

(a) \$25. awarded to Anne Renaldi.

The Drayton Valley Hot Oil Services Ltd. Scholarship.

Awarded to students entering University.

(a) \$50 awarded to Anne Renaldi
(b) \$50 awarded to Audrey Landon.

The Stevenson Hardware Scholarship.

Awarded to students entering the Faculty of Education to

train for the Teaching Profession.

(a) \$27.50 awarded to Anne Renaldi
(b) \$27.50 awarded to Audrey Landon.

The Armstrong Pickup Pharmacy Scholarship.

This will be offered in 1961 to assist students entering the profession of Pharmacy in the University of Alberta. The amount of the scholarship is still under discussion. Possibly payment will be made of the first year's tuition fees.

FRESH BAKED EVERY TUESDAY AND SATURDAY.

1961 CHEVROLET IMPALA

Designers have applied smooth, graceful lines to the 1961 Chevrolet Impala. Bel Air and Biscayne passenger car lines. Rooflines, as noted here in the Impala sports sedan, are freshly contoured and are separately styled for each series model. Overall body design features gently sloping lines. Rear trunk deck lid now opens even with top of the bumper, affording easier loading and unloading. Fuel tank has been repositioned for greater safety. The Impala sports sedan is one of 20 body styles in the conventional Chevrolet line.

OSHAWA, Ont. — A shorter, narrower, totally new 1961 Chevrolet was announced today by General Motors of Canada, Limited.

Chevrolet passenger cars are 1.5 inches shorter and 2.4 inches narrower. Overall length is 209.3 inches and overall width is 75.4 inches.

Completely changed styling, which provides easier loading for both passengers and luggage, is featured in the regular lines of passenger cars.

The entire body, from floor to roof and grille to rear bumper, is new. Prime design emphasis has been placed on functionality with thrills.

Among the highlights of the new body are:

1. Easier entrance to passenger compartments.
2. Large, more accessible luggage space, with the trunk loading level lowered as much as 10 to 10.8 inches.
3. Improved seat height and over-the-hood visibility, increasing the ease of parking.
4. Safety lamps include improved brakes, overlap electric

HIGHLIGHTS.
Continued from page 13, col. 8.
and if possible locate the exact site of the old Boggy Hall Trading Post.

(6) Mr. Bert Miller, Mr. and Mrs. T.A. Smith, and Mr. and Mrs. Wm. Wollschlaeger drove to the Flat, armed with shovels. There they were joined by Mr. and Mrs. Harold Smithinsky who live on the Flat, and by Mrs. Smithinsky's parents, Mr. and Mrs. Jesse Huseby.

(7) In early days, Mr. Wollschlaeger had hunted and trapped in this area. He first visited the site of Boggy Hall in 1915, and saw a number of the stone and earth ovens. Again in 1917 he and Jack Anderson another trapper visited the spot. In 1924 Mr. Wollschlaeger and Mr. Fred Rippel who had been trapping on the Branaau, stopped to examine the ovens more closely.

There were a number of ovens remaining in fair condition. They were built of flat stones and covered with earth. They varied from about eighteen to thirty inches in height. The ovens were lined with stones on the inside. There was evidence that they had been heated by the use of hot coals, or by kindling a fire inside. None of the ovens now remain.

(8) One party noticed a large depression, and, using their shovels

soon unearthed many stones which gave a rough outline of a large building. There was much charcoal and ashes and pieces of mortar which had been used for chinking the walls.

There appeared to have been a large fireplace in the center of the building.

Similar remains of smaller buildings were found, also pieces of bones from large animals, possibly buffalo or moose.

Lack of time prevented more extensive explorations.

(9) Residents of this area feel that this old historic spot in the Pembina Oil Field deserves a suitable marker, to remind us of the brave men who have gone before us and the important part they played in opening and developing this great land of ours. -----Canada-----

Notes

Mr. Wiltshire of the Provincial Library Board, met with the members of the Drayton Valley Community Library Board on Thursday, October 6th. The meeting was held in the library.

A constitution for the library board was set up and adopted.

Chairman is Mr. H. Zolmer, Librarian is Mr. Kraus. Mrs. Clements is secretary for the Library Board.

While Mr. Wiltshire was present the matter of the possibility of changing the library from its present status of a community library to that of a municipal library was discussed. The change would have many benefits from the point of government grants. To make the change would require a plebiscite as the library would then be partially supported by taxation.

Library hours for the school term will be as follows: Tuesday, from 12 noon till 1 p.m., from 12 noon till 1 p.m., from 12 noon till 1 p.m. for school bus students only. For other school children and the general public the library will be open Tuesday afternoon from 3:30 to 5:00 and from 7:30 to 9:00 in the evening.

On Friday the library will be open at the same time as noon for school bus students only and for the general public it will be open Friday afternoon from 3:30 to 5:00. It will not be open Friday evening or Saturday.

"Art thou lonely, O my brother? Share thy life with another! Stretch a hand to one unfriended, And thy loneliness is ended."

By John Orenham

Little Helpers Rally

A children's service in the Anglican Church followed by a party for the kiddies at the Elk's Hall was recently held by the Little Helpers group of the Anglican Church, under the sponsorship of Mrs. Myrtle Lecky.

Ranging in ages from babies-in-arms to eight years, about fifty children were on hand for the event. About twenty mothers were present also.

During the church service held specially for the children, Rev. Brown spoke to the children. Object of the service preceding the party was to acquaint the young children with the spiritual side of life. Following the short church service the children trooped over to Elk's Hall for their own party. There ate about sixty enrolled in Little Helpers at present, with seventeen boys and girls having reached the age of eight being graduated this year, into Junior groups.

The young mothers with children at the party had a chance to get acquainted over a cup of tea while the young fry enjoyed themselves at their party.

The Little Helpers group has grown considerably in enrollment in the last couple of years. It was started originally as a project of the afternoon group of the W.A. with Mrs. Lewis Williams in charge. When the Lecky's moved to Drayton Valley in 1958, Mrs. Lecky enthusiastically took on the Little Helpers project and under her direction it has enrolled many children. It now has a potential of 70 children, with a number who will be enrolled after baptism.

Each child gets a birthday card each year and the annual party they have a tiny milk box into which they put a penny a week for missionary purposes and as they get old enough are taught to pray for missionaries.

At the Oilfield Baseball League Banquet in Thorby on Friday, October 14th, League President Gene Waderuk presented the Warburg Hotel Trophy to Ken Mathias for the Drayton Valley team which finished league play in top spot.

BASEBALL BANQUET

A very fine crowd turned out to the Annual Baseball Banquet held in Thorby Lions Hall on Friday night, October 14th. Master of ceremonies for the evening was Oilfield Baseball League president, Gene Waderuk, of Thorby. Among those seated

at the head table was Drayton Valley's Ken Mathias, representing the Drayton Valley baseball team which won the fine Warburg Hotel Trophy.

Ten teams were in the league, they were: Ladue, Warburg, Conjurung Creek, Berton, Thorby, Calmar, Glen Park, Mulhurst, Genesee and Drayton

Staff Photo

Constable's Joe Dixon and Les Gambin, of the Drayton Valley Town Police brought back what is believed to be the first game of the season brought into Drayton Valley on Monday, October 17th. The big moose was shot about thirty miles west of Drayton Valley and across the Pembina River. The boys had their game and were back in town by about ten o'clock Monday morning.

ARNOLD FUNERAL

Following a two car accident at Campion Corner, on October 11th, Mrs. Joan Elaine Arnold, beloved wife of Mr. Stanley Arnold, of Drayton Valley formerly of Brudenheim, passed away at 28 years of age.

She is also survived by one son, Warren at home; her parents, Mr. and Mrs. Walter Johnson of Peace River; three sisters, Margaret of Peace River; Mrs. Gordon Creighton of East Coulee, Alberta and Mary of Lethbridge.

Funeral services were conducted on Wednesday, October 20th at 2:30 o'clock, from the Moravian Church at Brudenheim, Rev. Herbert Harke officiating. Interment was in the church cemetery.

Flowers are gratefully declined. In lieu of flower donations may be made to a memorial chapel fund for the Archer Memorial Hospital at Lethbridge.

Funeral Directors were Andrew McLaughlin.

Valley.

One of the expected main speak on for the evening Hal Pawson, sports editor for the Journal was unable to be present because of the funeral for a notable sports and baseball figure in Edmonton for whom Mr. Pawson acted as Coach on Page 3 Col. 2

OTTO NICKEL

We read about refugees from East Germany and today in our District Personality we meet one of them.

Mr. Nickel was born in what is now called "East Germany". His father was killed in the war against the Russians and right after the war, at the end of 1945 as soon as they could, his mother took Otto and his two brothers and two sisters across the line into West Germany. The trip took four weeks as they could not go direct but had to take various routes. Finally at the end of the trip they walked for a day and a night and were safely across the line and in West Germany.

In Westphalia, where they settled, young Otto learned the baking trade. The family stayed in West Germany until 1963 when they came over to Canada. An older brother of Otto's had come over to live with an uncle in Barabed in 1960, and the rest of the family came first to Barabed. Landing there in the beginning of the harvest season

COUNCIL MEETING

SUMMARY OF THE MEETING OF THE COUNCIL OF THE TOWN OF DRAYTON VALLEY HELD ON OCTOBER 13, 1960 AT 7:00 P.M.

All members of Council were present when the meeting commenced at 7:02 a.m.

After Council had read the minutes of the previous meeting of September 20th Council met on Page 12 Col. 2

District Personalities

Photo by Cam's Studio

Otto worked in the harvest till it was completed and then went to Edmonton, until May of this year, when he came to Drayton Valley. He had been interested in establishing his own business and had looked over various towns in Alberta with that view in mind. Finally he came to Drayton Valley and heard that he could buy the bakery here, he liked the look of this progressive young town so they settled down here.

Otto's wife is the former Franzen Anne Marie Lis. She too was a refugee from East Germany. She lost both her parents in the war and after the war came into West Germany with her uncle in 1945. She became acquainted with Otto in West Germany and came over to Edmonton in 1956 and she and Otto were married in 1957. They have bought a small house here. Mrs. Nickel assists her husband in the bakery.

At present, as well as Mr. and Mrs. Nickel in the bakery, they employ two girls and a helper. Otto feels that anyone who is willing to work will find Canada a "Land of Opportunity".

BUILDING PERMITS

Building permits show the continuing growth of Drayton Valley, which goes at a fast pace.

Following is the list of permits issued since the last listing from September 19th.
